PIERSON COLLEGE DESSERT MASTER'S TEA

Dr. Antonia Neubauer

Founder and Chair, *READ Global*
Founder and President, *Myths and Mountains, Inc.*

HOW TO HELP DEVELOPING AND WAR-TORN COUNTRIES HELP THEMSELVES?

Dr. Neubauer will speak about how Rural and Education (READ) Global, a non-profit global organization using non-sustainable library community centers as a nexus for educational, economic and community development, is successfully working in developing and war-torn countries. Her remarks will focus on some of READ's practices in its beta site, Nepal, that have led to success, despite all of the political unrest, and how they might apply to other parts of the world.
